Fintech

The FinTech Revolution

Disrupting traditional finance

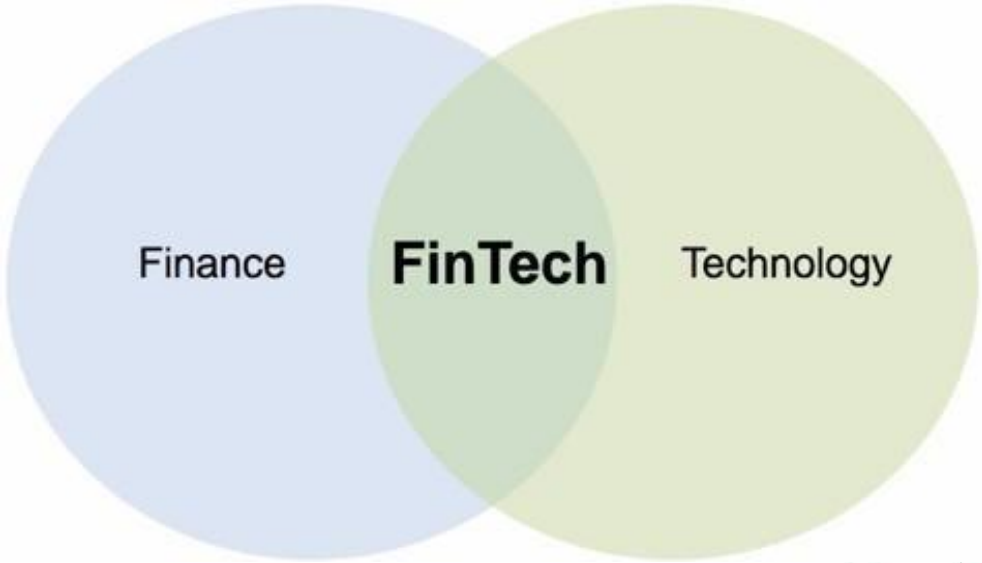

"Silicon Valley is coming. There are hundreds of startups with a lot of brains and money working on various alternatives to traditional banking… And we also are completely comfortable with partnering where it makes sense."

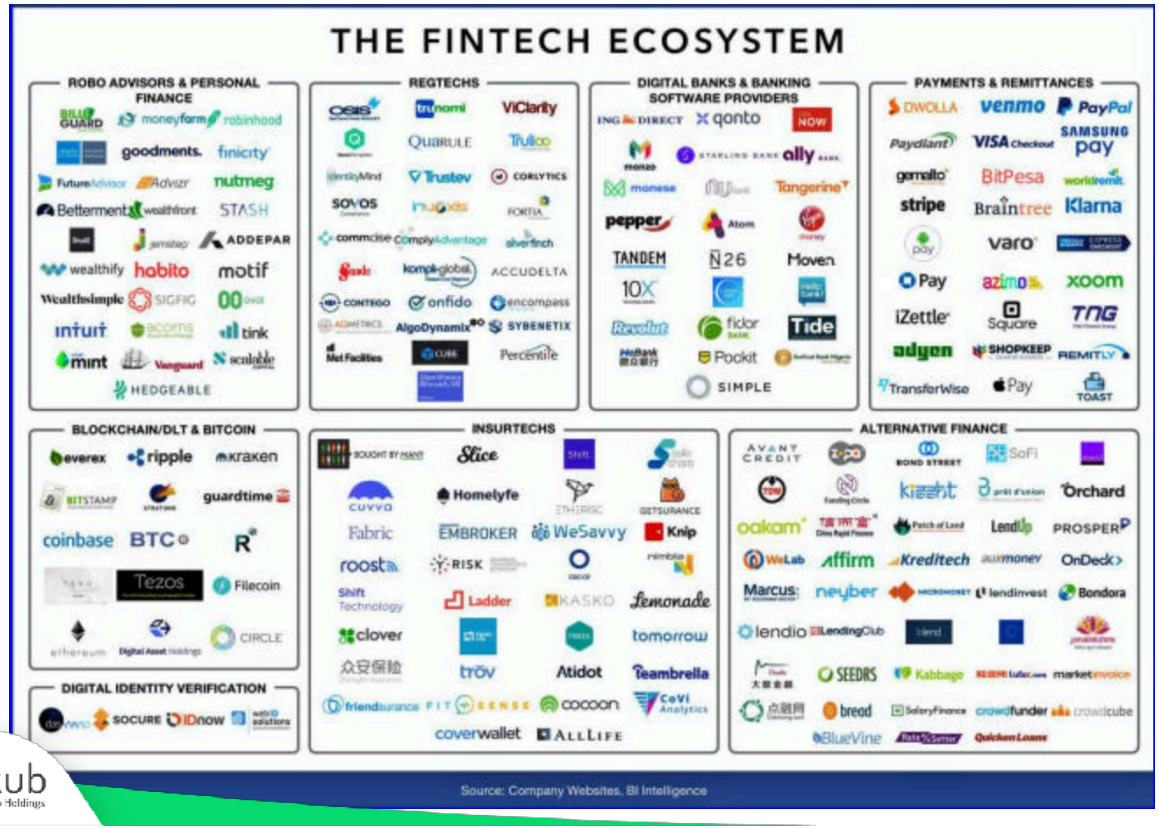

Jamie Dimon,
Chairman & CEO,
JP Morgan Chase
2014 Letter to Shareholders

Why is Fintech Revolution happening now?

bitkub
Capital Group Holdings

Technological advancements are enabling more effective & efficient financial services businesses

- Big data analytics
- System interoperability
- Platform enhancements / availability
- Hardware & software advancements (particularly in mobile)

Exponential growth in FinTech following the Financial Crisis can be attributed to a number of factors including:

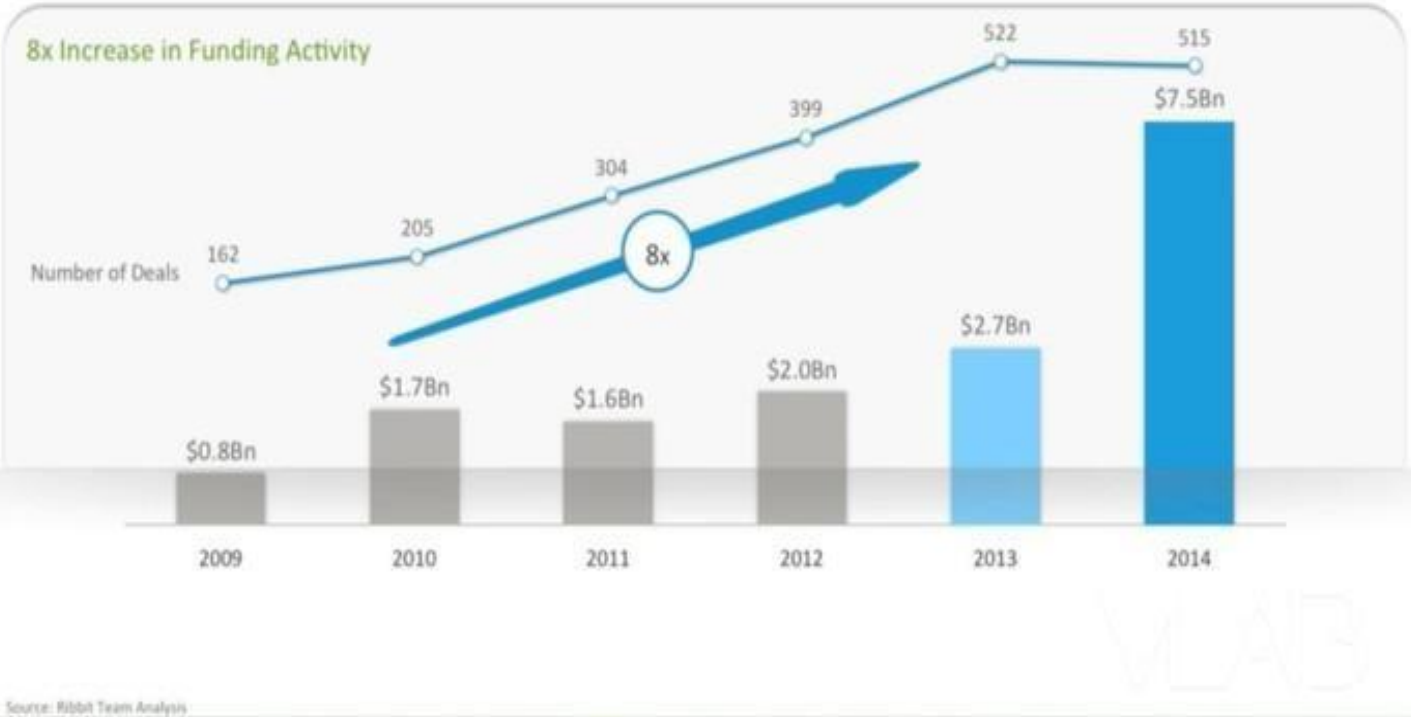

- Shifts in consumer behavior
- Sentiment toward banks
- Regulatory constraints
- Low interest rate environment
